Message:

When I saw your redistricting plans a few days ago, it occurred to me that your plan isn't so much against Democrats as it is against democracy. You are attempting to take away the people's right of true representation. That is what fascists do. When there is only one party, that party is fascist. Please don't destroy our beautiful democracy. We all need a voice. Right now you are letting Trump have the only voice. You can save our democracy by letting the state's districts be geographically neighborhoods. I am currently in a district that spreads from my home in Denton County, through Wichita Falls, and on into the Texas Panhandle. Gerrymandering actually is illegal, even if you can find judges that don't care about the spirit of the law.

What you are doing is wrong. You know it is wrong. Winning more seats for the Republicans, in this case, will be losing for all of us, as we watch our beautiful democracy ride off into the sunset. You still have a chance to do the right thing. Please redraw fair and reasonable districts, letting our neighbors whom we actually rub elbows with, be in our districts.

Penny Cooley
