Regarding: Congressional

Message:

I am a concerned Texan from Austin (). I'm writing to voice my strong opposition to the proposed redistricting maps, which I believe will disproportionately harm communities of color and common interests in our state.

Redistricting must be fair, transparent, and representative of the diversity of Texas. Diluting the voices of urban, rural, Black, Latino, Asian, and Indigenous voters is not only morally wrong, it's unconstitutional. Current district maps are drawn in a way that Texas voices are splintered. Maps drawn from urban areas don't to rural or Valley areas do it serve the constituents who live in the different areas. The differences between communities is too great!

I urge you to stand up for democracy and protect equitable representation for all Texans by opposing any redistricting plan that marginalizes minority communities.

Please listen to the voices and of those you represent -Texans! Don't not be swayed by Washington politicians who do not have the best interest of Texas at heart. Stand tall and proud for our state! Please do not bend to gain temporary political favor.
