Message:

Redistricting in the middle of a census is illegal and wrong. Doing it blatantly to give a certain party more members is gerrymandering, illegal and wrong. Lying to the public to say that maps were not redrawn and public comment was necessary is unethical and evil. The maps presented are ugly and misrepresents this state. You should all be ashamed of what you're doing here.

I am already in a district that is misrepresented and don't want to see other voices shut down because someone FROM NEW YORK says you have to. Is YOUR power more important than the people you profess to represent? We will note and remember who votes for this bill. We will note and remember who has bowed to Washington and not stood for their constituents. You will not be on the right side of history if this map passes.
