Message:

I urge you to reject this rushed, highly partisan attempt to change Texas' congressional district maps in this mid-decade period. This attempt brought on by the white house occupant is simply an effort to keep the house of representatives. Obviously, he feels threatened because of the chaos & divisiveness that he has brought to our nation. He understands most people do not support his unpopular & corrupt actions, so he is trying to bolster his numbers in case he loses the slim majority that he currently has. So, he turned to his ultra-maga pals to get him what he needs, regardless of how they do it. It is extraordinary that the TX AG, and presumably the Gov, certified the 2020 maps as fair and constitutional, yet now they urge the maps be changed!

Their intent is crystal clear: give the white house what it wants by gerrymandering even more than has been done in the past so as to garner more Republican votes in the house even if that means more minority residents are deprived of meaningful representation. Please do not acquiesce to this immoral effort; keep the current maps!
