Message:

I firmly oppose this redistricting effort. Redistricting right now is a misplaced priority. It's immoral to redistrict in the immediate aftermath of the devastating floods. Furthermore, Texas just redrew maps in 2021, and doing it again mid-decade is not normal. And the current maps are still making their way through court! Because this state has a long history of passing discriminatory election laws and racial gerrymandered maps, and the current map is part of that history. It's ridiculous that you want to make new, WORSE maps now. You're going to split up communities of color, weakening their voting power and representation. You're going to separate my neighbors from me. That cannot stand. This is also a deeply flawed process. It's rushed, it's given limited notice, and given limited opportunity for public input. There are no proposed maps available. Partisan gerrymandering may be legal, but it's not just or fair. Stop this redistricting steal. In 2031, we can have an independent redistricting commission that offers a transparent way to draw maps that reflect the true diversity and needs of our communities. NO redistricting right now. Stop it!
