Message:

The redrawing of Texas congressional district in a special session, mid-census, is unconstitutional and undermines our nation's principles of equal representation and due process. You are spineless cowards, doing the bidding of a senile, fascist demagogue (who is doing the bidding of the Heritage Foundation, whether he knows it or not). You do not care about your constituents, only the money lining your pockets.

The U.S. Constitution and federal precedent establish that redistricting should follow the decennial census to reflect updated population data. Texas last redistricted in 2021 based on the 2020 census. Initiating a new round of redistricting in 2025 -- without new census data -- violates the equal protection clause of the 14th Amendment by using outdated figures to reshape political boundaries to please the whims of our pants-shitting POTUS.

The paper trail shows us, this effort is undeniably politically and racially motivated, aimed to dilute minority voting power and entrench partisan advantage -- because Republicans know they will not and cannot win elections without cheating. You do not have the American people behind you, and we will remember how you threw us under the bus to grovel, bootlick, and further tread on your own people. Shame on you. Shame on the Texas State Government. Your desire to actively harm those most vulnerable around us will go down in history as the ruination of the State.
