Message:

I am coming to you with a concern regarding redistricting the voting maps to allow republicans to take seats from democrats. I am totally against gerrymandering. The voice of EVERY TEXAN matters and just because the voting results may not be in your favor does not mean the Governor and republican leaders in this state should redraw lines to make it favorable for them. You MUST listen to the voices of the people of this state and that means ALL PEOPLE not just certain groups of people. Our Governor and republican leaders have already moved forward without a vote from the people to use public tax dollars to fund private education for even the richest people in this state. We didn't want that and you didn't listen to us. We have had several public meetings regarding these redistricting lines and you are trying to move forward with it anyway. Listen to the people! The people don't want redistricting regardless of how much Trump tries to talk, threaten or bribe you into it!
