Message:

Stop the gerrymandering madness. We've reached a point in Texas is long history of bizarrely drawn districts, where the purpose of this disenfranchising practice isn't even veiled. Not only is it wrong to rob Texans of their right to represent representation, it is illegal. Your constituents will pay for the lengthy litigation of this completely unnecessary map redraw. We will not forget. Don't let this be your legacy.

For those on the right side of history, you need to do absolutely everything in your power to get yourself and your allies across the finish line. Do whatever is necessary. This is your time, we need action and not just symbolic gestures. We have to fight for the state we all deserve.
