Message:

I am writing as a concerned citizen of Texas and someone who values the foundational principles of a representative democracy. I strongly oppose the gerrymandering efforts currently being advanced in our state, and I urge you to take a stand against this blatant manipulation of our democratic process.

Gerrymandering, in any form, undermines the principles of fair representation. It dilutes the voices of the communities you serve, skews electoral outcomes, and reinforces political power structures that do not reflect the will of the people. What is unfolding in Texas is nothing short of a power grab and it's not only unethical but should be illegal.

The people of Texas deserve electoral maps drawn through an independent, nonpartisan process. Districts should reflect communities, not political strategies. The current trajectory subverts the integrity of our elections and deepens public distrust in our institutions. I urge you to speak against unfair redistricting practices. I ask you to support legislation such as the Freedom to Vote Act and prohibit partisan gerrymandering.

As your constituent, I am calling on you to defend real democracy, not one contorted for short-term political gain. Representing the people means all of us, not just the interests of a few. Please take meaningful action to protect fair representation in Texas and across our nation. Our democracy depends on it.
