Affirm public info: I agree

Regarding: Congressional

Message:

I am writing to express my strong opposition to the current efforts to redraw district lines in a way that appears to undermine fair representation in Texas. Redistricting should be a transparent process guided by the principles of equity, community integrity, and equal representation—not partisan advantage.

Any redistricting plan that dilutes the voting power of minority communities or splits cohesive communities of interest is an affront to the democratic process. Texas is a diverse state, and our political maps should reflect that diversity—not silence it.

I urge the committee to reject any proposed maps that are not drawn with public input, do not follow the Voting Rights Act, or fail to ensure competitive and representative districts. Voters should choose their representatives, not the other way around.

Please prioritize transparency, fairness, and public engagement in this process. Our democracy depends on it.
