Affirm public info: I agree

Regarding: Congressional

Message:

I am writing to strongly urge you to reject any redistricting efforts at this time. Redistricting is normally and fairly done every decade after the census results, and moving forward now undermines the integrity of that process.

Texas has always stood firmly against federal government overreach, yet this effort effectively allows the president and political leadership to manipulate our districts at their convenience. That is not in the best interest of Texans or the values of fair representation.

Voters should choose their representatives, not the other way around. Any attempt to redraw lines outside of the normal timeline erodes trust, silences communities, and prioritizes partisan advantage over the will of the people whom you swore in your public oaths to serve.

I urge you to stand up for fairness and transparency and reject redistricting at this time. Texans are watching, and we WILL remember who defends our voice.
