Affirm public info: I agree

Regarding: Congressional

Message:

I am strongly opposed to Gov Abbott proposed special legislative session for the purpose of re-mapping the voting districts in favor of a larger Republican majority in State of TX congress.

There is no justifiable basis for this proposed redistricting and map changes action, which is being forced on legislators by Gov Abbott and because of pressure exerted from US Pres Trump given population census was taken only 4 yrs ago, and is only intended to further limit fair and constitutional democratic government in favor of autocracy.

Respectfully,

Steve Dorcheus
