Message:

As your constituent, I urge you to vote NO on any redistricting bills coming up in special session. It is wrong to conduct mid-decade redistricting — especially while the current maps are still being challenged in court. As you know, Texas has a long history of racial gerrymandering and discriminatory voting practices. Redistricting will cause communities of color to be deliberately divided, thereby weakening their political voice.

Texans deserve to have a redistricting process that is fair, transparent, and results in fair representation for all, not this rushed and deeply flawed process. As an elected member of Congress, you should have the necessary information to create legally compliant district maps, protect minority voting rights, and respect county lines, city boundaries, and communities of interest.

I am counting on you to do what is right - and fair. Keep in mind the 2026 mid-term elections.
