Message:

Dear Senate Special Committee on Congressional Redistricting,

I am a constituent in Houston, Texas. I remind you that you were elected to serve the People of Texas and our best interests.

I am strongly opposed to the proposed redistricting effort.

The Texas Legislature should focus on establishing the necessary regulations and support to prevent flooding and/or better warn the population in advance of predicted flooding. The tragic damage and deaths which recently occurred in Central Texas are more worth of your efforts and our tax dollars. In this short special session, we should not be wasting efforts on redistricting at the behest of The White House--you do not work for them.

Further, there is no justification for this congressional redistricting. It is unnecessary, confusing to voters, and will cause the state to waste time and our taxpayer money during the special session, only to later waste more time and money in litigation, which would surely follow. I urge you to abandon this pointless effort.
