Message:

WHERE ARE THE MAPS? These hearings are an exercise in insanity. How much money is being spent on something that the people didn't ask for. Texans are more independent minded than this.

You are proposing to fracture communities of color that have been organized together for how long? You are proposing to silence the voice and vote of communities of color. This is immoral and you all know it.

Grow a spine, you work for the people, make the moral choice. End this circus.

Our own Constitution: "All political power is inherent in the people and all free governments are founded on their authority and instituted for their benefit".

“Government is instituted for the common good; for the protection, safety, prosperity and happiness of the people; and not for the profit, honor, or private interest of any one man, family, or class of men.” John Adams
