Message:

I do not support redistricting voting districts. It would negatively impact my city, Houston, and our great state of Texas.

My husband and I both work in public education. I want to see active voting and fair representation for minority voters in the community around the title 1 school where I work.

Elected lawmakers promise to serve the needs of their constituents. As an educator, I also promise to serve the needs of the community where I teach. This redistricting plan is not a sincere effort to fairly represent or serve constituents. I will be noting which elected officials vote to support this plan and it will determine who receive my vote in upcoming elections.
