Message:

I'm writing as your constituent to express my strong opposition to any efforts to redraw Texas's congressional maps before the next census. Redistricting outside of the standard 10-year cycle undermines public trust and appears to be a purely partisan attempt to gain political advantage rather than serve the people of Texas. The current maps were approved after the 2020 census, and changing them now would set a dangerous precedent. Voters deserve stability, fairness, and a process that respects the principle of equal representation—not rushed redistricting driven by political agendas. Please stand against any attempt to redraw the maps before 2030. I urge you to defend fair representation and uphold the integrity of our democratic process.
