Message:

Why are we meeting about redistricting and hemp bans instead of dealing with the deadly floods that killed little girls and over 100 people in Central Texas? It seems as if Trump is running Texas State Government. Do Dan Patrick and Greg Abbott and Ken Paxton not have the ability to form their own thoughts? Is the special committee for Flood Disasters seems like a pawn to make people not be able to discuss the NWS and NOAA staffing discrepancies that caused hundreds of Texans to die and lose their homes? The people will not be silenced.
