As a proud and concerned Texan, I am writing to let you know that I am strongly opposed to the proposed efforts to draw new lines and create unconstitutional new districts. Moving forward with this process will silence, crack, and stack predominantly Black and Brown communities, effectively creating taxation without representation. We are calling on the committee members to reject the directive by Governor Greg Abbott in coordination with national leadership. This plan, which seeks to create five additional Republican districts through blatant gerrymandering, is both unconstitutional and deeply harmful to the principles of fair representation and democracy.

This calculated effort to manipulate district boundaries for political gain undermines the integrity of our electoral process and erodes public trust in our democratic institutions. Redistricting must be rooted in accurate population data, conducted transparently, and shaped by public input, not crafted behind closed doors to entrench political power and marginalize communities like the one I live in, where I

nurture family.

If implemented, this plan will:

- Dilute the voting strength of Black, Brown, and communities of color.
- Disenfranchise diverse constituencies.
- Undermine the credibility of our democratic process, and
- Invite costly legal challenges and potential federal intervention.

As an elected official and committee member entrusted with representing the people of Texas, I urge you to reject this proposal and any proposed maps. Stand for fair maps, uphold voter integrity and equity, and support a transparent redistricting process that respects the Voting Rights Act and reflects the true diversity of our state. In addition, facilitating a mid-decade redistricting process is unprecedented.

Texas belongs to all of us, not just those in power and convenient political Texans. I would appreciate it if you publicly state your position on this matter. I, along with many others, am paying close attention! Thank you for your time and your service to the people of Texas.
