First of all I registered to be a witness by zoom but I was unable to find the link to so I never saw a link.

I am asking first of all why is there an attempt to redistrict before the 10 year annual census. It is obvious that it is nothing more than a power grab for more republican seats. Governor Abbott you should be ashamed of yourself. You represent the citizens and residents of the State of Texas not President Trump.

I oppose totally to this redistricting because I like many others will loose our voice and vote for important matters in our district and in our State. I further believe that calling this session to draw new district lines merely to get more republican seats is Illegal.

I am pleased with my State Senator Cesar Blanco's representation and oppose to being represented by a Republican senator.
