Message:

This blatant attempt of a power grab by lawmakers threatens to disenfranchise millions of Black and Latino voters, undermining the principle of fair and equal representation that is the bedrock of American democracy. Through the use of racial and partisan gerrymandering, legislators are manipulating district lines to maintain control, silence dissenting voices, and cement minority rule. This is not governance; it is an abuse of power. I demand a fair map at the end of the decade using the updated census data and not this mid-decade gerrymandering attempt.
