Message:

I urge the committee to stand firm and not rubber stamp the wishes of President Trump to manipulate and redraw our maps unfairly. There is not a new census to justify redoing our districts. This is a targeted effort to flip only certain districts and it is a blatant power grab.

The citizens of Texas elected you to represent us fairly and we will hold you responsible for any actions that betray your responsibility. How you vote is a matter of public record, as it should be. Maintaining the democratic process in our state and in our country is incredibly more important than anyone's thirst for retaining power unfairly, either for her/himself or for their particular political party.

We are supposed to be in this together...We the people...

Sincerely,

Wendy Suttin
