Regarding: Congressional

Message:

I urge all members to vote NO on the congressional redistricting proposal. If passed, a true representation of Harris County and the city of Houston will be compromised. The redistricting will silence the voices of voters who live in an urban city and whose needs and contributions specific to an urban society, culture and values. As an American citizen who has thrived in an urban setting based on legislation that has positively contributed to Harris county as it stands now.

This proposal is being fed by fear and self profit of other politicians at both the state and national level. Do not find yourself influenced by other politicians but rather by the people who voted you in AND by the values and morals that result in what is best for the people of Texas.
