## **Campbell Statement on Governor Abbott's Pre-K Initiative**

Austin, TX – State Senator Donna Campbell released the following statement following Governor Abbott's State of the State. In his address, he mentioned her work on his Gold Standard Pre-K Initiative:

"I am excited to work with Governor Abbott on a gold standard pre-k initiative that increases accountability for taxpayer dollars and enhances opportunities for our children. By renewing our efforts to ensure students are reading and performing at grade level by the third grade, we will increase graduation rates, send more students to college, and create a more vibrant workforce. Coupled with school choice, these are the meaningful reforms that will allow Texas to lead the nation in education."
