Senator César J. Blanco Appointed to Key Conference Committees on Major State Bills

Austin, Texas – Senator César J. Blanco (SD29) announced today his appointments to key conference committees for the 88th Texas Legislature relating to the comprehensive school safety bill, the omnibus public education bills, and the landmark water infrastructure bill.

Conference committees are tasked with reconciling differences between the Senate version and the House version of a bill after passing both chambers. Senator Blanco will serve on the following conference committees:

- **House Bill 3:** Comprehensive school safety bill;
- **House Bill 100:** Omnibus public education bill; and,
- **Senate Bill 28:** Landmark water infrastructure bill

Senator Blanco issued the following statement:

“Families across Far West Texas deserve fully funded and safe public schools. I am grateful for the opportunity to serve on the Senate Conference Committees for HB3 and HB100 where I will work towards resolving differences between these two bills, guaranteeing teachers are fairly paid and students receive high-quality education in a safe and secure learning environment. Additionally, I look forward to having a voice in the final passage of Senate Bill 28 to ensure families and communities across Texas have access to clean water for generations to come.”
