Statement by Senator César J. Blanco on the Sentencing of El Paso Walmart Shooter

“Nearly 4 years after the horrific tragedy that killed 23 innocent people, today marks a significant step towards justice. While no court ruling or legal process can ever fill the void left by such a tragedy, it is my hope that this sentencing provides some closure and healing for the victims’ families. Today, and every day, we remember the lives that were tragically cut short and hold their memories close to us. Together, we continue to stand El Paso Strong.”
