Senator César J. Blanco on Senate Democratic Caucus Legislation to Boost Public Education

“I am proud to stand with my Senate Democratic Caucus colleagues in joint-authoring our priority education bill, dedicated to advancing public education in Texas. Senate Bill 40 will help ensure that every child has access to a high-quality education and that every teacher is recognized for their tireless efforts in the classroom with well-deserved pay raises.

“By investing in our public schools, we’re directly investing in the future of our children and our communities. The future of Texas is in our public schools and I look forward to working with my fellow Senate and House colleagues to pass this bill and support our public schools.”
